Our goal is to connect

the children to the world around them, increase their awareness of their surroundings, how they can be a part of their community and make a difference to everyone around them.

We provide daily opportunities for children to learn and practice leadership, and teamwork skills as well as self-reflection, self-awareness and self-reliance.

Our summer camp is led by experienced qualified early childhood educator

with in-depth understanding of children's development as well as, experienced staff and volunteers. Together we will work together to provide an environment that nurtures mentorship, inclusion, and inquisition in children.

Children entering Gr. 1 and above will be placed into our **Senior Camp** and participate in field trips. Please see the schedule on reverse. Children entering or in kindergarten will be placed into our **Junior Camp** and stay at location and their daily schedule is as below:
